TURKS ON RUN; ALLIES ON WAY TO AID ITALIANS

Entire Turk Army in Palestine Retreating Before British.

GERMANS ADVANCING

French and British Troops Rushing for Northern Italy.

(Associated Press Leased Wire) (BULLETIN.)

Italian Army Headquarters, Nov. 9.—New heads of the Italian army have been named. General Diaz has been appointed first in command, with General Badoglio second and General Grandino third.

General Foch, chief of staff of the French war ministry, and General Wilson, sub-chief of the British general staff, will serve on a newly created inter-allied committee, with General Cadorna.

PREPARING FOR STAND.

Rome, Nov. 9.—The Italians are still holding back the Austrians and Germans by rear guard action while the main body of the troops is establishing itself on the positions chosen for the resistance, says today's official statement.

Italian Military Zone, Nov. 9.—Both British and French troops are going toward the front. The French and British representatives who have come to Italy had a conference for two hours today with King Victor Emmanuel.

The military representatives discussed the actions called for by the present situation in active and cordial collaboration. On leaving the king, the party visited French and British troops going to the front. In the party were the British, French and Italian premiers, and many other notables of all three nations.

GERMANS ADVANCING.

Berlin, Nov. 9.—The Austro-German forces in northern Italy, overcoming the resistance of the Italian rear guards, are advancing toward the Piave river, the war office announces.

FRENCH TAKE PRISONERS.

Paris, Nov. 9.—"We carried out with success last night surprise attacks in the Argonne and on the banks of the Meuse in the region of Avocourt Wood and brought back prisoners," says today's official statement.

TURKS ON THE RUN.

London, Nov. 9.—The entire Turkish army in Palestine is retreating toward the north. British airplanes are following the retreating Turks and bombing them. Forty Turkish guns were captured, says the official statement. British and French naval forces are co-operating against Turkish communications along the Mediterranean.

TO CAMP GRANT.

Sheriff Phillips, Deputy Schoenholz States Attorney Harry Edwards, Circuit Clerk E. S. Rosecrans, Attorney Harry Warner and Ray Chadwick, motored to Camp Grant today to visit the Lee county boys who are stationed there.

Dixon Colony Will Soon be Ready for The First Contingent of Its Patients

Concerning the progress of work in preparing the State Epilepsy Colony for inmates the current issue of The Institution Quarterly, official organ of the Public Welfare Service of Illinois, says:

Dr. Carriel confronts a difficult situation and it will require much time to prepare the buildings at Dixon for patients.

Haste is being made, however, because of the pressing demand from all sections of the state. It is not known what serious cases and problems have been created for families and communities by the presence among them of an epileptic member. The letters asking for information in regard to this colony are plentiful and tell in vivid terms of the great tragedy of this affliction.

The colony includes twelve permanent buildings in addition to a number of good farm cottages which were on the land when purchased by the state.

These buildings are two groups of 4, one-story structures, three for patients and one for kitchen, an administration building, a laundry, a store house and a power plant.

It was found that the administration building and the south colony had not been connected with a sewer and that the north colony's sewer was in but had not been connected with a septic tank. The water mains are all in but not connected with the fix-

ANOTHER LEE CO. MAN REGISTERED

Lee county's list of registrants for service in the national army has been increased, William E. Ryan of Cadillac, Sask., Canada, formerly of 616 Lincoln avenue, Dixon, having sent his registration certificate to the Local Board of Lee county. He does not claim exemption and will be certified for service in his regular turn.

OHIO EDITOR-MAYOR DIED AT HIS DESK

HEART TROUBLE CAUSED THE DEATH OF PEARL P. MICHAELS.

Pearl P. Michaels, for twenty years editor of the Ohio (Illinois) Herald, died suddenly of heart failure Thursday morning at 10 o'clock. At his office as usual, he was suddenly stricken and passed away a few minutes after being taken to his home. Mr. Michaels also was president of the village board of Ohio and one of Ohio's most influential citizens. He was about 65 years of age. He leaves a wife, a daughter, and a grandchild, all residing in Ohio. Funeral services, to be held at 2 o'clock Saturday afternoon, will be in charge of the Knight Templars' organization, of which he was a member.

VENERABLE WOMAN HAS PASSED AWAY

MRS. JANE EARL, NEARLY 93 YEARS OLD, DIED TODAY.

Mrs. Jane Earl of Grand Detour, mother of W. Scott Earl of Dixon and H. Clay Earl of Grand Detour, passed away at 1 o'clock this afternoon. She was in her 93rd year, and would have attained the age of 93 had she lived until the 12th of next month. Mrs. Earl was a wonderful and lovable character and her death is mourned by the hundreds of neighbors and friends in Grand Detour and Dixon.

Funeral announcement and obituary will be published later. It will be necessary to hear from relatives living at a distance before funeral arrangements will be made.

Mrs. Earl has suffered three paralytic strokes and for some time has been in a critical condition. Her three daughters-in-law were with her at the time of her death, having been in Grand Detour for some time.

Mrs. Earl is survived by three sons, W. S. Earl of Dixon; Henry Clay Earl of Grand Detour and William B. Earl of Kansas, and a daughter, Mrs. Smith of Portland, Ore. A daughter-in-law, Mrs. Louise Earl, of Chicago, who is the widow of her son, Fred Earl, who died some time ago, has been in Grand Detour with her mother-in-law for some time.

SUCCESSOR OF REV. NEWTON IS COMING

Rev. Harold D. Drew, successor to Rev. Joseph Fort Newton, will occupy the pulpit at the People's church on Sunday evening at the usual hour, and it is expected he will be greeted by a large audience. He is making this visit to Dixon as a compliment to Rev. Newton, and the local church hopes to be able to secure him for every second Sunday during the winter.

PLANNING GREATEST EDUCATIONAL SHOW IN STATE'S HISTORY

Growth of Schools in Century Will Be Shown.

COUNTIES WILL HELP

Photos of Every School in the State Will Be Shown.

The educational department of the State Fair to be held from August 9 to August 16 will make an unusually attractive and inspiring exhibit. The chief purpose is to show one hundred years of progress in education in Illinois. It seeks not simply to make an exhibit at the fair, but also to arouse an interest in each county of the state that as many people as possible may get a clear view of this progress in their own school district and in their own county. Those who attend the state fair will be able to see the progress of the whole state.

This is the Plan.

The county superintendent will be the chairman of a committee, the other members appointed by himself with the advice of the county board of supervisors or county commissioners, to plan and lead in a county exhibit. The exhibit should include the following:

A photograph of every schoolhouse in the county, and where possible of former buildings which have been replaced by more recent ones.

Each photograph should be accompanied by a brief description.

SUICIDE; STEPS ON N. W. TRACKS

Despondent over his inability to secure medical aid for cancer, with which he had suffered for many years, Orville Scott of Morrison, aged 50, suicided Thursday morning by stepping in front of Northwest passenger train No. 20, east bound, as it was speeding past the Libby plant, where he had been employed. Girls in the Libby office saw the man step onto the track as the train approached and then deliberately turn his back and wait for it to strike him. Death came to him instantly.

LOST BOTH FEET UNDER THE CARS

George Zantrall, aged 58, a Northwestern section man at Van Petten, suffered the loss of both feet in attempting to catch a moving freight train there yesterday morning. One foot was completely severed and the other was so badly mangled and crushed that it was necessary to amputate it at the Sterling hospital, to which place the injured man was taken for treatment.

LEE CO. BOARD SHORT SESSION

The local board of Lee county Thursday acted on the cases of five registrants: Leroy McDermott and Frank Garland of Harmon, who were examined for the local board of Wayne county, Michigan, and Reuben John Levan of South Dixon were certified for service; Axel Hermann Olson of Willow Creek was exempted and Harry Blaisdell of Nelson was discharged because of a dependent wife and child.

FIRE STARTS IN U. S. CAMP

(Associated Press Leased Wire) New Orleans, Nov. 9.—Fire broke out today in the quartermaster's department at Camp Nichols on the outskirts of this city where Louisiana troops were recently quartered. First reports from the camp stated that the fire was spreading rapidly. Less than 200 soldiers are in camp at present.

AFFLICTED GIRL IS TAKEN HOME

Gertrude Wheeler, the Rockford girl who was taken ill with epilepsy Wednesday evening and whom the officers took in charge to insure her receiving proper attention, was taken to her home this morning. Her father came to Dixon last evening for her, and with Chief of Police VanBibber took her home today.

Optimism.

Optimism is the habit of inspiration. It is not a pose; it is an attitude of heart that makes for the happy mind, and the happy mind is the only workshop wherein good things are done. If once you strike that stride, you will never seem tardy or ineffectual again as long as you live.—Exchange.

MOVING TO DIXON.

Arthur Miller drove his big auto truck to Chicago this morning to bring out George Tuffley's household goods. Mr. Tuffley recently accepted the position of assistant superintendent of the Grand Detour Plow company.

NO YOUNG MEN TAKING EXAM

The effect of the draft on taking young men out of the county is very plainly shown in the teachers' examination being held at County Superintendent Miller's office this week, there not being a young man among the applicants for certificates. Thirty-four young ladies are taking the examination.

JUDGE BAUME HOLDS FOR CITY ON BRIDGE

DECIDES STERLING HAS RIGHT TO DEMAND AID FROM COUNTY.

Sterling, Nov. 9.—Judge Baume has overruled the demurrer in the case of the City of Sterling against the board of supervisors of Whiteside county, which was heard by him last week at Morrison, according to word received this morning by City Attorney P. H. Ward. The demurrer was filed by the county in the mandamus suit brought by the City of Sterling to compel the board of supervisors to pay one-half of the cost of the new bridge across Rock river at First avenue. The case has not been heard on its merits, but as the demurrer was brought on the grounds that the city had not sufficient grounds for bringing the suit, the ruling of the judge would indicate that the city was within its rights. This ruling further indicates that the city will likely be given a decision when the case comes to trial before the same judge. The city officials are elated over the decision of Judge Baume.

STERLING DEPOT STRIKE SETTLED

The strike of the freight handlers in the Burlington transfer stations in Sterling and Rock Falls, which had been in progress since Saturday, at which time the men walked out in an effort to force an increase of pay amounting to fifty cents a day, was settled yesterday afternoon through the efforts of W. E. Long, traffic manager of the Manufacturers & Shippers Association of Sterling. The men were granted an increase of 25 cents a day.

MASONIC MAGAZINE SAYS GOV. LOWDEN IS MAN OF THE HOUR

Temple Topics of Englewood Tells of Dixon Conclave.

PROUD OF SIR KNIGHT

Every Sir Knight in Nation Is Glad to Greet Governor.

Temple Topics, published monthly in the interest of the Masonic bodies meeting in Englewood Masonic Temple, has the following concerning the great conclave in Dixon October 6 when Governor Frank O. Lowden became a Knight Templar. The copy of the Topics was received by Sir Knight George Campbell of this city, who is a member of the Englewood commandery:

Saturday, October 6, 1917, was a red-letter day in Templarism—the second time in the history of Illinois when its Governor has become a Knight Templar while in office—an event in the history of Templarism, and in the history of Illinois. The militant degree of Masonry stands symbolic of the high obligation of the craft to draw the sword if need be in defense of Liberty, and in Gov. Frank O. Lowden the great state of Illinois has a man of the hour. As in the crisis of the 60's "Old Dick Yates" proved a master hand at the helm, so our people now feel that the commonwealth is in safe hands. So patent was the significance of this event that the several papers of our city gave it no men-

WM. EASTMAN IN FATAL ACCIDENT

Mr. and Mrs. Morrison H. Valle of this city received a message this morning announcing the death of their nephew, William Eastman. Death resulted from an accident on the U. S. aviation field at Boston, where the young man was an instructor. The accident occurred several days ago, and Mr. Eastman died yesterday.

The young man is the son of Mr. and Mrs. William Eastman of Evanston, and is the ninth generation to bear that name. He has visited in Dixon and will be remembered by many people here.

The Eastmans of Evanston have another son, who is also in the service of the United States, and has just landed in France with the 149th of the Rainbow Division. Young William Eastman has just graduated from "Boston Tech" before joining the aviation corps.

IOWA ATTY. GEN. GIVEN VERDICT

(Associated Press Leased Wire) Logan, Ia., Nov. 9.—A verdict of "not guilty" was returned today by a jury in the trial of Attorney General Haxner of Iowa on an indictment charging him with "wilfully and corruptly oppressing a person under color of office" in connection with a grand jury investigation last spring of the Villisca axe murders of 1912.

ADD NEW LAND TO DRAINAGE DIST.

The commissioners of Inlet Swamp Draining District, through their attorneys, H. S. Dixon and Grover Gehant, have started proceedings in the county court before Judge J. B. Crabtree, to annex additional land to the extent of 1,285 acres to the drainage district. The land to be annexed lies in Reynolds and Alto, with one tract in Bradford township. The hearing on this, the second annexation proceeding, will be before Judge Crabtree on December 18th.

HUN PROGRESSIVE VICE CHANCELLOR

(Associated Press Leased Wire) Amsterdam, Nov. 9.—Frederick Von Payer, a progressive leader, has been designated as Germany's Vice Chancellor, according to a semi-official telegram from Berlin.

BUILDS NEW HOME.

A. S. Derr of the A. S. Derr & Co. planing mill, is erecting a modern 6-room residence, with garage and a sleeping porch, at 1021 Third street, to cost about \$4,500. Contractor E. A. Thoman is in charge.

Meaning of "Bethany."

"Bethany" means "the house of dates." We are thus reminded that the palm tree grew in the neighborhood of the Mount of Olives. The word Phoenicia which occurs in Acts 9:19 and 15:3 is probably derived from the Greek word for palm.

TO MAKE HOME HERE.

Mrs. H. B. Conibear and daughter have arrived in Dixon to make their home with Mrs. Conibear's parents, Mr. and Mrs. T. J. Miller.

MOOSE AND FAMILIES HAD "HOUSE WARMING"

NEW CLUB HOME WAS SCENE OF HAPPY AFFAIR LAST EVENING.

The members of Dixon lodge E. G. O. M. and their families to the number of more than 200, enjoyed a "house warming" in their new club home—formerly the Christian church property—Thursday evening and as a result every one who was present is a more enthusiastic Moose today than yesterday. Although the improvements and alterations in the building have not been completed, the arrangements were such that an enjoyable evening was spent. After a social session, in which everyone took part, refreshments were served and the balance of the evening was spent in dancing.

FINE STORY STARTS TOMORROW EVENING

ONE OF BEST TALES OF YEAR TO BE PUBLISHED SERIALLY

Readers of the Telegraph are urged to remember that one of the great serials this paper has ever published, "The Ranch at Wolverine," will start in tomorrow evening's issue. This story, a liberal installment of which will be published each day, is from the pen of B. M. Bower, a master of ranch fiction. His story of love on the ranch, where the two, the man and the woman, work out their happiness under most trying conditions and discouraging circumstances.

ANNUAL MEETING SOIL IMP. ASSN.

The annual meeting of the Lee County Soil Improvement association will be held at Amboy Monday, December 3, and the officers are arranging a program of unusual interest in connection with the business session. Details of the program and banquet will be announced to members later.

FAMOUS ARTIST DEAD IN DUBLIN

Dublin: The death has occurred in this city of Nathaniel Hone, aged 86 years, a well known artist and a native of Dublin. He went to Paris in 1853 and studied painting under Couture and Yvon. He lived in France for twenty years, returning to Ireland on succeeding to considerable property. Many of his important pictures are in Dublin art galleries.

Ghost Will Walk at Camp Grant Next Week; \$1,115,000 Will be Distributed

(Associated Press Leased Wire.)

Camp Grant, Ill., Nov. 9.—Uncle Sam will distribute \$1,115,000 among the fighting men of Camp Grant early next week. It will be the second pay day of the camp. The enlisted men will receive \$310,000 and the officers will get \$305,000. The men are paid in cash which all must pass through the hands of Lieut. O. W. Grayland, the disbursing quartermaster. The officers get theirs in checks.

The amount of the October payroll exceeds that of September by \$465,000. The next one also will be larger, as the Eighty-sixth division is not quite recruited to full strength. In addition there will be some 6,000 colored troops, who arrived late in October, and they will have a full month's pay coming.

There are 1,533 officers and 26,154 honor men in Camp Grant. By the time the "ghost walks" again the number will have increased to approximately 35,000.

MAXIMALISTS IN PETROGRAD ARE STILL IN POWER

German Message Says Russ Army Has Joined With the Rebels.

WASHINGTON HAS HOPE

Korniloff to Be Jailed—Kerensky Arrested, Says Report.

(Associated Press Leased Wire.) (BULLETIN.)

Petrograd, Nov. 9.—A dispatch from Helsingfors, Finland, says that delegates from the Baltic fleet and army committees have resolved to adhere to the revolutionary committee. "The committee at Revel has occupied all the important strategic points."

London, Nov. 9.—A telegram reaching Amsterdam from German sources and forwarded by the Central News agency, publishes a Stockholm telegram saying that the Maximalists and is marching on Petrograd.

SAY KERENSKY ARRESTED.

Amsterdam, Nov. 9.—A newspaper of Essen, Germany, publishes a Stockholm telegram saying that Premier Kerensky has been arrested.

TO ARREST KORNILOFF.

Petrograd, Nov. 9.—The military revolutionary committee has decided to bring General Korniloff, leader of the recent revolt, and his supporters to Petrograd and imprison them in the fortress of St. Peter and St. Paul. They will be brought to trial before a military revolutionary tribunal.

REBELS APPEAL TO ARMY.

Petrograd, Nov. 9.—The congress of Soldiers and Workmen's Delegates today appealed to the Russian army to stand firm and to protect the revolution against imperialist attempts to overthrow the new government and obtain a democratic peace.

The woman's battalion which was among the defenders of the winter palace, yesterday surrendered before the battle began.

WASHINGTON SEES HOPE.

Washington, Nov. 9.—Interest in the latest Russian upheaval was tense in the capital today.

Belief in some quarters in the possibility that Kerensky may return to power is predicated upon the assumption that the strong Cossack element favors the maintenance of a conservative form of rule.

Even if the extremists carry out their intention to conclude a separate form of peace with Germany, dissension forces in other points of Russia will be able to place in the field a military force capable of keeping the German army occupied. At any event the severe Russian winter, it is thought, will preclude any possibility of a great German offensive before spring.

GERMAN INTRIGUE DID IT.

London, Nov. 9.—That the Russian coup d'etat was engineered and subsidized by Germany for the purpose of the elimination of Russia from among her enemies is the virtual unanimous opinion expressed in newspaper editorial comments here.

DENMARK FACING SHORTAGE OF FUEL

BANK REPORT SHOWS BALANCE OF TRADE IS GOOD, THOUGH.

Copenhagen.—(Correspondence of The Associated Press)—Prediction of a more serious condition in the near future as affecting Denmark's supply of fuel, raw materials for industry and fodder stuffs is made by the National Bank of Denmark in a summary of the economic and financial situation in this country.

"In the latter half of the year," says the report, "owing to the German U-boat war, navigation met with such dangers as to become practically a gamble in which the stakes were life and property. Part of the navigation stopped altogether and imports were very considerably restricted, partly by destruction or seizure of cargoes, partly by refusal of exports to Denmark by the belligerent powers, conditions accentuated by the entrance of the United States into the war."

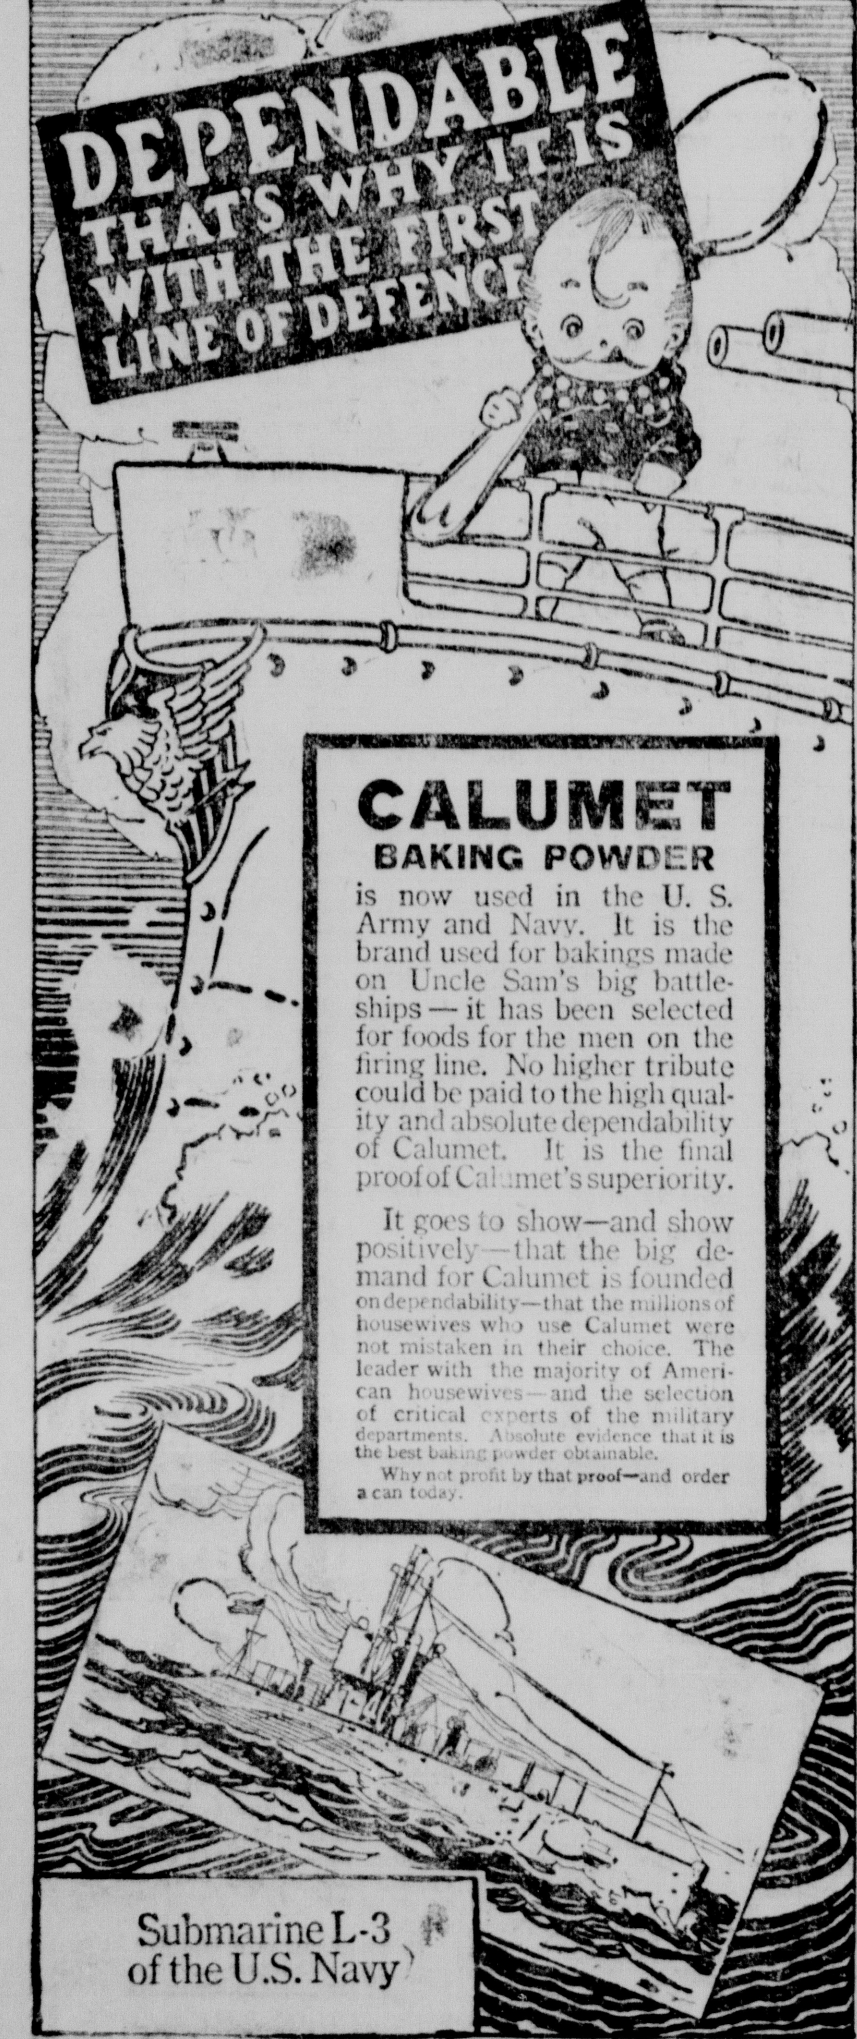

"Denmark's trade balance during the war has been good. Our agriculture and navigation have earned profits which have more than covered the expenditure, and imports have exceeded our exports. We have, therefore, been able to pay our foreign debts and we have great outstanding debts abroad in bills, in credits and in foreign securities. This is all very well, but it would have been more fortunate if for part of the profits we had been able to obtain the articles which we want, and which are now more urgently needed than ever before. As is well known, this has not been possible. We have not been masters in our own house as regards imports, nor even as regards exports. Only when it was absolutely necessary have the latter been stopped, for export prohibition always impairs one group of home interests and exposes us to the risk of further restrictions to the import of articles in which the shortage may be even more fatal. Important political considerations also come into play here."

"The general level of prices has been raised in Denmark and Sweden by 50 per cent, in Norway by more than 75 per cent, and in England by about 100 per cent."

BIG LOAN TO CHINA.
Tokio.—The finance department has announced the signing of a loan to China of an amount equivalent to \$10,000,000. The money is to be applied to the rehabilitation of the Communication Bank of China, and is secured by Chinese republic treasury bonds. The interest rate is 7 1/2 per cent and the term three years.

CALUMET BAKING POWDER

is now used in the U. S. Army and Navy. It is the brand used for bakings made on Uncle Sam's big battleships—it has been selected for foods for the men on the firing line. No higher tribute could be paid to the high quality and absolute dependability of Calumet. It is the final proof of Calumet's superiority.

It goes to show—and show positively—that the big demand for Calumet is founded on dependability—that the millions of housewives who use Calumet were not mistaken in their choice. The leader with the majority of American housewives—and the selection of critical experts of the military departments. Absolute evidence that it is the best baking powder obtainable.

Why not profit by that proof—and order a can today.

NELSON
Registration day for women of Nelson township was held Tuesday afternoon at Zion church and Nelson school house. Some 50 registered at the two places.

Mrs. Ethel Taylor of Sterling spent Sunday at the M. C. Sitzer home.

Mrs. Charles Anderson, who has been ill for five weeks is yet in a serious condition.

H. W. Phillips was in Chicago on business Wednesday.

Mr. and Mrs. Charles Genz went to Akron, O. Wednesday for a visit with relatives.

Mrs. C. A. McIlmoyl spent several days in Morrison as the guest of friends.

Mr. and Mrs. Earle Sitzer and Miss Mabel Sitzer were entertained at 6 o'clock dinner Sunday by Mr. and Mrs. Myron Hartshorn.

The Nelson Social Circle met on Wednesday afternoon with Mrs. H. W. Phillips. There were nine members and three visitors present, Mrs. Harry Williams, a sister of Mrs. Phillips, also Mrs. D. Grimes, Mrs. Mark Brown of Dixon, the two latter instructing the ladies in some new work for the Red Cross. Considerable work was done and a very pleasant time enjoyed. Light refreshments were served by the hostess. It was decided to have an all day meeting next Wednesday with Mrs. C. A. McIlmoyl, going at about 10 a. m. and having a scramble dinner at the noon hour, so that more people could be accomplished.

MANY NOBLES AT ETON COLLEGE

London.—Eton college among a larger proportion of nobility among its scholars than any English school in history. The youthful peers at Eton are largely boys who have fallen heir to their titles through the death of their fathers in war. Lord Longford's father was killed at Gallipoli. Lord De la Warr's father also was killed in the army. Other pupils who will take seats in the house of lords as soon as they reach their majority are Lord Brocknock, Lord Kinnoull and Lord Ridley.

Prince Henry, the king's third son, is a classmate of Prince Leopold of Belgium and Prince Sarbjit Singh, son of the Sirdar of Kapurthala. Other students include Lord Carmarthen, Lord Worcester, Lord Clydesdale, Lord Castlereagh, Lord Cardigan, Lord Ashley, Lord North, Lord Kneshworth, Lord Hastings, Lord Clonmore and Lord Balmiel.

CARD OF THANKS.
We wish to thank our many friends and neighbors for their many kindness, sympathy and the beautiful floral tributes extended us during the illness and death of our beloved wife and sister.

PLANNING GREATEST EDUCATIONAL SHOW

(Continued from Page 1)

panied by the names of the noted people who were pupils, teachers or directors of the school, and where possible photographs of these noted people should be displayed.

Relics, the more ancient the better, such as school books, maps and charts, copy books, library books, pictures, desks, should be secured.

Photographs of the people whose school attendance dates farthest back accompanied by tabulated statements of facts. A letter by the people themselves relating their experience will be of great value.

Biographies of the most noted people connected with the school should be prepared by the children of the school under the direction of teachers. Thousands of famous people such as Jane Addams, Frances Willard, W. J. Bryan, Albert Hubbard, were pupils in Illinois country or village schools. A great deal of valuable historical material can be gathered and preserved by the home folks. This should be preserved in the school district, the county and the state. The State Historical Library will be glad to get this material and make it accessible to the students of Illinois history.

Models of the old time school-houses and the best modern school-house can be constructed by the manual training classes. Models of old time dresses and hats can be made in the domestic art classes. Models of old time plows and machinery may be made by some schools.

Essays on important state historical events of the county should be prepared by the schools and sent to the state fair.

A chronological tabulation of the history can be prepared on large cards for wall display and the best one sent to the state fair.

The county exhibit is to be the property of the county. It can be used at the county centennial celebration, the county fair, before or after the state fair and be preserved in the office of the county superintendent of schools. The county board should be asked to supply the funds necessary to secure photographs, pay postage, etc. Each county of the state will be provided a booth at the state fair for the display of the county exhibit.

Higher Institutions.
Booths will be provided for the display of progress made by the non-state schools, such as colleges, academies and seminaries. The character of the exhibit will be left to the individual school but the purpose should be to show the progress made, utilizing photographs, documents, lists of illustrious alumni, relics, etc.

Old Time and Modern School
The state fair board will construct a log schoolhouse and furnish it such as was used in 1818. It will also construct a modern one-room superior school. These will be natural in size and stand side by side.

Old and Modern School Operation
Not only will the people be able to see the pioneer and the modern country school rooms but they will see the pioneer school and the best modern school in the movies. A motion picture room will be provided and the old time school will be seen in operation. By means of another series of motion pictures they will see a child pass from the kindergarten through graduation from the high school, and showing all the characteristic activities, including recitations, physical exercises, games, athletic sports, laboratory work and graduation.

Any college or university may prepare a film and it will be shown in the motion picture room several times daily.

Early Alfalfa Growers.
The early American colonies made several attempts to grow alfalfa, but without great success. George Washington grew trial plots of alfalfa on his Virginia farm, and Thomas Jefferson gave considerable attention and care to its cultivation. Their efforts, however, proved unsatisfactory, since they did not understand all of the requirements for the successful growth of the plant.

First American Officer to Be Wounded in France

First Lieut. De Vere H. Harden of the signal corps, the first American officer wounded in France, is at present about as well satisfied as any man in the war. He is a native of Burlington, Vt. Lieutenant Harden is lying comfortably in bed in the Johns Hopkins base hospital with his right knee in bandages after a slight operation to remove fragments of a German shell which tore through a muscle and slightly cut a bone.

TRIBUTE TO U. S. MEN

France Enshrines American Graves on the Battlefield.

French Officer Asks That Remains of Privates Enright, Gresham and Hay Be Left There.

With the American Army in France, Nov. 9.—The first three American soldiers killed in the trenches in France, are sleeping in French soil, honored by the American army and the people and army of France. Their final interment took place Wednesday.

With a guard of French infantrymen in their picturesque uniforms of red and horizon blue standing on one side, and a detachment of American soldiers on the other, the flag-wrapped caskets were lowered into the grave as a bugler blew taps and the batteries at the front fired minute guns. As the minute guns went off the French officer commanding the division in this section paid tribute to the fallen Americans. His words, which were punctuated by the roar of the guns and the whistle of shells, touched both the French and Americans. In conclusion the French officer said:

"In the name of the —th division, in the name of the French army, and in the name of France I bid farewell to Private Enright, Private Gresham and Private Hay of the American army."

"Of their own free will they had left a prosperous and happy country to come over here. They knew war was continuing in Europe; they knew that the forces fighting for honor, love of justice and civilization were still checked by the long-prepared forces serving the powers of brutal domination, oppression and barbarity. They knew that efforts were still necessary. They wished to give up their generous hearts and they have not forgotten old historical memories, while others forget more recent ones."

"They ignored nothing of the circumstances and nothing had been concealed from them—the length and hardships of war nor the violence of battle, nor the dreadfulness of new weapons, nor the perfidy of the foe. Nothing stopped them. They accepted the hard and strenuous life; they crossed the ocean at great peril; they took their places on the front by our side and they have fallen facing the foe in a hard and desperate hand-to-hand fight. Honor to them, their families, friends and fellow citizens will be proud when they learn of their deaths."

"Men! These graves, the first to be dug in our national soil and only a short distance from the enemy, are as a mark of the mighty land we and our allies firmly cling to in the common task, confirming the will of the people and the army of the United States to fight with us to a finish, ready to sacrifice as long as is necessary until final victory for the most noble of causes, that of the liberty of nations, the weak as well as the mighty. Thus the deaths of these humble soldiers appear to us with extraordinary grandeur."

"We will therefore ask that the mortal remains of these young men be left here, left with us forever. We inscribe on the tombs, 'Here lie the first soldiers of the republic of the United States to fall on the soil of France for liberty and justice.' The passer by will stop and uncover his head. Travelers and men of heart will go out of their way to come here to pay their respective tributes."

"Private Enright! Private Gresham! Private Hay! In the name of France, I thank you. God receive your souls. Farewell!"

BRITISH ADVANCED 30 MILES RECENTLY

SHOWED EXCELLENT STAMINA IN HARD MARCH UP EUPHRATES

London (Correspondence of The Associated Press)—The occupation of Ramadiah has carried the British Mesopotamian army some thirty miles upstream from its previous outpost at Feluja. This is the distance measured as the crow flies, but it is nearly double that distance by the winding Euphrates. The British convoys, though moving by day, pass each other in the darkness of a London fog, and the white dust which covers the faces of the Arabian porters gives them the ashen complexion of circus clowns.

On the right bank of the Euphrates the flat alluvial soil of the delta is left behind and one comes to the first low dunes and pebbly ridges, while the roads are better and easier. It was on ground of this nature that the battle of Ramadiah was fought.

The British troops showed themselves in excellent condition, after their long march, being put through a two days' maneuver battle after a night march. The heat, however, was no longer oppressive. The nights are now fresh and cold and the health of the force is excellent.

When the British forces entered Ramadiah, they found many signs of the confusion and surprise of the Turkish forces. The British eye witness, writing from Ramadiah, says:

"A deep gully west of the town was strewn with miscellaneous litter for half a mile, including pack saddles, furniture, books, suit cases, and office paraphernalia. Forty horses and baggage animals have been collected and some thirty camels."

"My wife is hanging out my winter clothes to get out of them the odor of those troublesome mothballs that she knows I detest."

"I see; she is airing your pet grievances."

"Did you say the witness went to a suburban town in the interim?"

"No sir, I said he went in a motor bus."—Baltimore American.

"No, that's why he is in the hospital."

pride is a wonderfully good quality to possess and its influence is driving many folks just now in the effort to make homes cleaner, brighter and more inviting.

pride of the right sort is back of the desire of most women and men for well furnished homes; pride of the home isn't the only incentive; many folk feel so deep pride of happy, rosy cheeked, smiling, honest faced youngsters that go to make home complete, it just naturally follows that there's a strong desire and purpose to make the surroundings of their home so simply good and wholesome that culture and refinement inevitably result.

pride in business is something mighty good; it somehow compels a man to do his very best in selections of merchandise, in criticism of quality, in efforts of good service for his customers, in determination that the character and selling price of his wares shall be essentially right.

pride of the right kind is wisdom.

St. Paul's Missionary.

Members of the missionary society of St. Paul's Lutheran church met on Thursday afternoon at the home of Miss Lillian Gonsman. Mrs. Ruel had charge of the lesson study, which was given briefly to give time for the report of the recent missionary convention at Princeton, Ill. Mrs. Otto Beier, delegate of the society, gave the report, which showed a most gratifying condition of affairs. Miss Marjorie Slothower gave a double vocal number, "The Thrush at Eve," by Cadman, and "Absent," by Murdoch. Miss Carolyn Crombie served as her accompanist. Miss Slothower's numbers were very pleasing. They were followed by a delightful reading given by Miss Hiller, who responded graciously to demands for an encore. The session closed with a social hour after the transaction of quite a number of business items. In consideration of the food conservation campaign, no refreshments were served.

Cantata Progressing.

Thursday evening's choir rehearsal at St. Luke's church saw the cantata, Faith and Praise, by John West, assume its correct production under the capable direction of the chorister, John Norton of Chicago. The cantata will be given on 22nd and the rehearsal of Thursday evening gave every promise of a delightful and correct rendition of the beautiful composition. Mrs. Thompson, Dr. Willard Thompson, Miss Slothower and Miss Josephine Altman have the solo parts.

Masquerade.

The Freshman class of the Dixon high school enjoyed a masquerade in the high school gymnasium last evening.

With Mrs. Cnare.

Miss Anna McGovern of Amboy is a guest of Mrs. Frank E. Cnare.

Thursday Reading Circle.

Mrs. Joseph Beech and her sisters, the Misses Decker, entertained most pleasantly Thursday afternoon the members of the Thursday Reading Circle. Mrs. Maydam, one of the summer's additions to Dixon society, gave a number of delightful readings and the two children of Mrs. Beech, Raymond and Margaret, gave a piano duet very pleasingly. Raymond responded with a solo number in reply to the demand for their second appearance. A trip to New York and many other interesting things seen, was told of by Mrs. Richard Cortright. Light refreshments, served by Mrs. Beech at the close of the program, were greatly enjoyed by the club members. Mrs. Rodesch will have the club at its next meeting.

Returned to Ashton.

Mrs. S. T. Jennings returned to Ashton today after spending the week with her daughter, Mrs. J. O. Webster.

Entertained Club.

Mrs. Webster Poole delightfully entertained the members of the Wanton club Thursday afternoon. Knitting and needlework occupied the members and a dainty luncheon, served by the hostess, was much enjoyed.

At Christian Parsonage.

Mrs. W. W. Moore entertained the members of the Christian Missionary society at the parsonage on Thursday afternoon. As the opening number of the program, Miss Mabel Rodesch gave a pleasing vocal number. The topic of the study of the afternoon, Mohammedan Menace in Africa, was most interestingly developed by Mrs. Charles Johnson. Light refreshments were served. Mrs. W. H. Stauffer of North Dixon will have the next meeting.

Birthday Dinner.

Mrs. Milo Stratton entertained a few friends at a 6 o'clock dinner on Thursday evening in honor of the birthday anniversary of her husband.

Harvest Home a Success.

The Ladies' Aid of the Methodist church was very successful in its Harvest Home and chicken supper at the church Wednesday evening. Over 250 were served. In the Epworth League room, prettily decorated with corn stalks, tinted leaves and pumpkins, home baking and fancy articles were served. No white bread, as a concession to the war times, was served at the supper, the menu of which was chicken and biscuits, gravy, mashed potatoes, brown bread, pie and cheese.

R. N. A. Report.

An interesting report of the Royal Neighbors convention at Stockton was given by the delegate, Mrs. Wadzinski, at the meeting of the Royal Neighbors held Thursday evening. The initiation of candidates, to have been held last evening, was postponed until some future meeting. The Royal Neighbors are to continue the work for the Red Cross on Nov. 14 at 1:30 p. m., when they will meet at the home of Mrs. Harvey Senoff, orator, for that purpose. Another matter of special interest to the members of the R. N. A., as it means a pleasant social evening with no labor entailed on their part, was the invitation extended by the Modern Woodmen to meet with them in a "get acquainted" gathering on Thanksgiving evening at Woodmen hall.

Fortieth Anniversary.

Asked to celebrate their 40th wedding anniversary at the home of their daughter, Mrs. Clyde Cortright, Mr. and Mrs. Wilson Crawford and their son Ross were just ready to start on

their drive to the Cortright farm when Mr. and Mrs. Cortright and a crowd of relatives and friends drove into the yard. Of course it was a surprise to the worthy couple who made haste to extend their hospitality.

Among the guests were a number who had witnessed the ceremony forty years ago that had united in marriage Wilson Crawford and Miss Florence Alfarretta Rhodes, at the home of her grandmother, the Wilhelm farm near Nachusa. With the late Rev. E. C. Siekels, then pastor of the First Presbyterian church of Dixon, officiating. These were Mrs. Elizabeth Rhodes, Mrs. Crawford's mother, Miss Wilhelm, Mr. Levi Wilhelm, an uncle, and Mr. and Mrs. Reuben Eicholtz—the latter two were bridesmaid and best man forty years ago. The children of Mr. and Mrs. Crawford, with the exception of Mrs. Eliah Soper, who with her husband, Captain Soper, is at Houston, Texas, were also present. These were A. LeRoy Crawford, Mrs. Clyde C. Cortright and Ross W. Crawford. The guests also included Mrs. A. LeRoy Crawford, the two children of Mr. and Mrs. LeRoy Crawford, Helen and Wilson; Mrs. Marteeny, Mr. and Mrs. L. Raffenberg, Mr. C. B. Crawford, and Clyde Cortright.

A most bountiful and delicious scramble dinner was served, with flowers brought by Mrs. Reuben Eicholtz adorning the table. Mr. and Mrs. Crawford were presented with a Pyrex baking dish with its silver container by their children. The dinner and afternoon were of especial pleasure to all present, who sincerely hope to all aid their esteemed host and hostess in the celebration of their fiftieth wedding anniversary, ten years hence.

With Mrs. Winn.

Thursday's meeting of the Baptist Missionary department, held at the home of Mrs. W. H. Winn, 722 Hennipin avenue, with Mrs. Philip Kerz as assistant hostess, proved of great interest to the many members who attended. It was decided at this meeting to have Mrs. Broadstone, secretary of the Central district, including Michigan and Illinois, to address the society at a meeting next week, probably on Friday. The regular lesson study was in charge of Miss Ella Pratt, who enlarged most interestingly upon the story of the white man's work in Africa, what he has done and something of the great opportunity that is still open for mission work in the great continent. The talk was very excellent as Miss Pratt's always are. Most elaborate refreshments were served. At the next meeting Mrs. Allan Smith and Mrs. Guy Miller will be hostesses.

Told of Schools in South.

Miss Barr of Pittsburgh, field secretary of the Presbyterian Board of Freedmen, gave a very interesting and instructive talk at the First Presbyterian church Wednesday evening on the work of the Presbyterians among the colored people of the south, telling in particular about the schools supported by the Presbyterians. These schools include the Ingleside school of Virginia, the Albion school, North Carolina and Boggs college, Mrs. Hitchcock, president of the local Presbyterian Missionary society, presided. A goodly collection was taken at the service in the interests of the Freedmen.

Miss Barr, who is a girlhood friend of Mrs. E. B. Raymond, was entertained at her home until this morning, when she left for Pittsburgh.

Luncheon for Mrs. Houghton.

A very enjoyable afternoon affair of Thursday was the luncheon given by Mrs. Lyman Booth and Mrs. W. D. Anderson for Mrs. Charles Houghton of Boston, Mass. Eight ladies were entertained at a luncheon which followed an afternoon of knitting for the Red Cross. Mrs. Baldwin of Chicago, who is a house guest of Mrs. Anderson, was among the guests.

This afternoon Mrs. Booth entertained another group of her daughter, Mrs. Houghton's, friends with a luncheon at which covers were laid for ten. The guests included Mrs. Earl Beier of Chicago and Mrs. Paul Buzzard of Sterling. Red and white carnations were used as table decorations for the luncheon, which was a delicious two course affair.

For Pastor and Belde.

Mr. and Mrs. W. W. Shippert of near Eldena entertained Monday evening 65 members of the congregation of the Evangelical church for their pastor, Rev. Paul Davis, who was recently married and had returned with his bride. The evening was spent in games, music and social chat. After refreshments of ice cream and cake George Gilroy, superintendent of the Sunday school, in behalf of the guests presented Rev. and Mrs. Davis with a handsome fumed oak dining table, making the presentation in poetry. Both the minister and his bride responded fittingly, thanking the donors for their kindly thought as well as the gift.

Rev. and Mrs. Davis are moving in to their new home in Eldena today. They were united in marriage two weeks ago at North Platte, Neb., and returned to Eldena on Monday.

tion—those who know may understand, others may guess the meaning and seek the cause.

The day at Dixon was ideal—Englewood weather. Fifteen hundred Knights marched beneath Old Glory and the beaumont. A pageant mayhap it seemed in these days of the tramp of the khaki-clad men of war, but it was no craven band that assembled to do honor to Illinois' chief magistrate; men of might they were, whose silver threads mark maturity, but not senility. Representatives they of Illinois' best, men who own but one allegiance and who stand ready to don the khaki in the need of the hour demand.

Englewood Commandery conferred the Illustrious Order of the Red Cross upon the candidate in a manner that left nothing to be desired, and our Commandery may well be proud of Eminent Sir Fuller and his officers. Immediately following Humboldt Commandery conferred the Knights of Malta in full form and in a most impressive manner. In the evening Dixon Commandery conferred the Order of the Temple, making the triangle of proficiency complete. Following the ceremonies, Sir Frank O. Lowden made an address so full of patriotism and heroic manhood that it found a thrilling response in every Knight in his presence. Sir Frank said he was proud of his membership in the Order, and truly the Knights were proud of their new frater.

Englewood Commandery fared sumptuously at the hands of the St. Paul's Lutheran church, whose worthy pastor together with the president of the Ladies' Society are now members of Englewood Drill Corps.

You fellows who did not go missed it just as stay-at-homes always do.

Rich Booty Awaits Searchers.

Syria and other Eastern countries are known to be full of buried treasure—concealed in the soil by men who fought in ancient wars and who never returned to recover their valuables. Among the buried treasure cited are five shiploads of booty carried from Italy to Carthage in Northern Africa in 455, by Genseric; plunder valued at billions taken from Rome by Alaric in 408 and by Attila, in 452, as well as gold to the value of \$20,000,000 buried in Rome by government authorities in the fourteenth century.

Simple Explanation.

Helen's older sister was seeking the bathroom on a boat, and was told there was none on that particular steamer. "I wonder why?" she said. "Cause they only have them on houses that are tied down," replied Helen.

Sowed for Orphanage. The regular meeting of the St. James Missionary society was held on Thursday at the home of Mrs. Ralph Lehman with thirty members present. The ladies spent the forenoon in sewing for the children of the Nachusa orphanage and decision was made to sew again for the children at the orphanage some time in the near future, the ladies to take a scramble dinner and to spend the entire day. After the customary enjoyable scramble dinner a business meeting was held in the afternoon and Mrs. Sauer, delegate to the Princeton convention, gave an interesting report. Mrs. Edw. Miller presented the lesson of the day in a most interesting fashion.

With Mrs. Herrick

A very pleasant meeting of the Unity Guild was held Thursday afternoon at the home of Mrs. Charles Herrick. Knitting for the Red Cross was the occupation of most of the members. A goodly number of members were present and two guests, Mrs. Hibarger and Miss Stevens, the latter of Sterling. Enjoyable refreshments were served.

To Help Soldier Boys.

As the Unity Guild has planned to give \$10 to both Company M, Rockford, and old Company G of Houston, from the proceeds of the rummage sale to be held at the People's church Nov. 15, 16 and 17, the aid of Dixon society is solicited in providing the articles for the sale. Will those who have outgrown clothing, etc., bring same to the People's church or notify Miss Lord, Y542, before Nov. 15.

Household Dept. Has Charge.

The household department of the Woman's club will have charge of the meeting on Saturday afternoon at Miller hall. Miss Myrtle Rice will sing, giving a double number, and the Misses Frances Ackert and Josephine Smith will give an instrumental duet. Mrs. Hey will have the paper of the afternoon. The hostesses are Mesdames Ross, Ballou, Emmerson and Wagner.

With Mrs. Keenan.

Members of the Order of Lady Forsters spent a pleasant afternoon with Mrs. Keenan on Thursday, passing the time by doing Red Cross knitting. Very good refreshments were served by Mrs. Keenan, who was assisted by her daughter in the serving.

The regular business meeting of the order was held last evening.

From Forreston.

Miss Katherine Roper of Forreston will spend Saturday and Sunday in Dixon as the guest of Miss Seville Crawford.

To Graylake.

Mr. and Mrs. Samuel Sahlberg and children are leaving soon for their mon were Dixon traders on Wednesday.

Soldier Kits to France.

Mrs. Letitia Hey was hostess at a pleasant meeting of the Laif-a-Lot club of Palmyra on Thursday afternoon. Twelve members and one guest Mrs. Pickett, were present and spent the afternoon most pleasantly in exchanging riddles and making plans for future doings of the club. Among other things it was decided to send soldier kits to some of the soldier boys in France as Christmas gifts. The afternoon closed with the enjoyment of tempting refreshments served by the hostess. The next meeting will be held in two weeks at the home of Miss Myra Johnson.

Elected Officers.

Officers were elected by the Willing Workers of Sugar Grove church, meeting Thursday evening at the church to participate in a scramble supper and business session. LeRoy Buhler was chosen president, Glen Swarts vice president, Miss Eva Lawton secretary and Miss Florence Lawton treasurer. Reports were heard from the various retiring officers and committees were appointed to continue the work of the society in accord with its past usefulness.

HILTIQUET SOCIALISM, AMERICA'S MENACE.

Those Americans who believe there can be no successful peace unless
Prussian militarism is destroyed find cause for alarm in the strength of
the Socialist vote in New York city and Chicago as shown by Tuesday's
elections.

The first test since America entered the war shows what must be done
if we are to protect our soldiers at the front from attacks in the rear.

In New York city the Socialist candidate for mayor received approxi-
mately 100,000 more votes than the Socialist candidate for president re-
ceived in New York city just one year ago.

The New York state assembly has two Socialists, both elected last
year.

Tuesday's result gives twelve assembly districts to the Socialists.
The city council of Chicago has two Socialists.

On Tuesday the Socialists carried six of the thirty-five wards and
split even in another.

The Socialists went into the election in New York and Chicago solely
on the platform of an early peace.

Of course their speakers declared they were not for a German peace
any more than they were for a British, French, Russian, Italian or American
peace, but the facts belied their statements because peace now means a
German peace and a German peace now means every nation gathering
force for the next big war.

Socialists, no doubt, have good intentions.

But Belgium and northern France are paved with good Prussian inten-
tions and that section is the nearest thing to hell we could ever dream of.
Further, whether the Socialists intend to have it so or not, we will
have that same hell duplicated in America if the Prussian war machine
has its way.

There were people of good intentions in the north during the civil war
and they did everything in their power to hinder the work of Abraham
Lincoln, whom the Socialists are continually holding up as the great apostle
of liberty which he was.

The obstructionists of a half century ago lived to see their mistake.

Even the most rabid one of them all publicly acknowledged his error
and asked forgiveness.

America wants no mistakes today.

If Prussian militarism wins this war (which it will unless its foe is
united) there will be little use for Socialists or any one else to wail.

The time to kill the Prussian war party is now and the place is the
battle field of Europe.

COUNT VON HERTLING.

Des Moines Capital: The appointment of Count Hertling by the kaiser
to be Germany's new chancellor is an effort to conciliate the discordant
elements of German politics.

The new chancellor is a Catholic, and an advocate of peace without
indemnity. He is a Bavarian. He has been in public life nearly forty-five
years and is one of the ablest men in the empire.

Germany is evidently going to make a renewed peace drive this winter
and the new chancellor has been picked by the kaiser to lead.

Count von Hertling is primarily a scholar. One writer said of him:
"He is probably the most learned man, the soundest thinker now hold-
ing an important political position in Europe. Mr. Balfour, with his mere
handful of philosophical works, is a pygmy student compared with the man
who since 1871 (when his great work on Aristotle appeared) has been
pouring forth many portly tomes on philosophy, politics and kultur, and
has yet found time to edit, and contribute to, a truly colossal history of the
Middle Ages."

Chancellor Hertling taught philosophy at Bonn for fifteen years and
afterwards was promoted to a full professorship at Munich. He became
known to the world at large in 1912, when he became premier of Bavaria.
His actions were sometimes distasteful to the militarists. He opposed army
increase and asked the Socialists to propose social reforms. He promised
that he would consider any requests for the reform of the Reichsrath,
"which at present consists mostly of nobles."

These attitudes and some others drew to Hertling the attention of
Berlin, and it is on record that there were some fiery meetings between
him and Chancellor Bethmann in 1912.

WOMAN'S WORK.

During the war women will do more and more of the work man once
thought he alone could and should do. And it is fortunate.

But from some lines of human endeavor we wish to exclude women
and girls. Among them is shining men's shoes.

The other day a Boston man opened a "girl bootblack parlor." He
employed young and good looking girls to take the places of negro and
Greek men and boys.

The mayor of Boston ordered the place closed and threatened to revoke
the license of any shoe shining establishment where girls or women were
employed.

"I cannot imagine," he said, "any occupation more humiliating to
women than cleaning men's shoes. The man who would allow a woman
to shine his shoes is, in my opinion, utterly unworthy of being called a
man."

Woman cannot help man by shining his shoes, and no decent man
would ask her to. Let the men shine their own shoes; the exercise will be
good for them.

A WAR OF DISCIPLINE.

The recruits in the training camps will often be fretting because they
are asked to obey this and that rule for which they fail to see a necessity.
They should reflect that their own safety and everyone's depends on instant
obedience. It must be possible to hold a group of men to strict compliance
with orders or the offensive will fail.

The Canadian troops at the start of the war lost heavily. They were
almost too brave. They were so anxious to go ahead that they could not be
held to strict discipline, consequently they suffered needless casualties.

In this war there is a minute subdivision of function. Every man has
his task which must be performed in a certain way. If once the prearranged
plan is broken up by too much individual initiative, the attack is weakened.
The soldier for the good of all must learn to fit in with the general plan

and do immediately just what he is told.

CURRENT COMMENT

Illinois State Journal: Crop Expert W. B. Snow of Chicago protests to newspapers against criticism of American farmers and their attitude toward the war. He says most of the criticism is unjust and that it is the result of ignorance concerning the farmer's economic situation. Then he adds:

"Metropolitan editors who do not know whether Holsteins are a breed of cattle or of chickens, and lawyers, doctors and merchants went through the country last spring, preaching the gospel of more acres, leaving the impression intentionally that if farmers would sow the crops, an army of city labor would be available to harvest them. Farmers seeded over their heads, as a result, but the labor for cultivation and harvesting did not appear."

There is truth in this statement. While farmers are getting heavy prices for their crops and ought to keep all of their acreage in cultivation during the war, they can perform no service to the government by overseeding. Crops will not make themselves nor will they harvest themselves. It is simply waste to prepare and plant acreage which cannot be properly cultivated and cared for.

One of the criticisms aimed at the farmer is that he refuses to pay adequate wages. This, however, does not explain the predicament in which he finds himself. It has been demonstrated in this section that no wage lure will relieve the situation. Good corn huskers can make as high as \$10 a day at prevailing rates, but fancy prices do not make corn huskers. There is a shortage of competent farm labor—a shortage which has existed for more than two years and is daily becoming more pronounced.

Cordell (Okla.) Herald-Sentinel: If Teddy Roosevelt cares to become popular with the Oklahoma Democrats he needs only to come to the state and take a couple sections of cut-off from Gore.

TERRIBLE TOLL OF GUN FIRING

Paris—More than 50,000 buildings have been demolished in France and more than 100,000 more or less damaged by bombardments and incendiary fires during the war, according to statistics completed up to the end of May. Sixty-three buildings classed as historical monuments had been destroyed. The total number of communities that had suffered from the invasion was 1,223.

ENGLAND BUILDS CONCRETE SHIPS

London: Plans have been approved by the Committee of Lloyds Register for a number of non-propelling barges and motor vessels to be constructed of reinforced concrete, for British and Scandinavian coastal trades. The plans of other reinforced concrete vessels of large-carrying capacity for certain sea trades are now under consideration.

SURGERY KEEPS UP

WITH MODERN WAR

AMERICAN SURGEONS IN FRANCE GREATLY IMPROVED AT CONDITIONS.

Behind British Lines in France—(Correspondence of the Associated Press)—The American doctors who are now at work in various parts of the British front find that army surgery has advanced just as rapidly since the beginning of the war as any other branch of the war's activities. In the early days of the war wounds were of an average gravity far beyond that expected from the experience of previous wars, while tetanus, gas gangrene and severe suppuration were general and hundreds died of comparatively trivial injuries for the lack of early treatment.

This situation has now been altered almost beyond recognition. Serum treatment has almost done away with tetanus while earlier and more energetic surgical work has largely defeated gangrene. More and more of the major surgical work is being carried out in the casualty clearing stations, and some of the most famous of the American surgeons have spent most of their time since their arrival in advanced hospitals within sound of German guns.

The key to the whole improvement in surgical results has been the pushing of the surgeon nearer and nearer to the fighting lines. The enemy has endeavored to counter this by persistent bombing of the advanced hospitals, but the saving of life is more than worth the loss of life, and suitable defensive measures are being taken.

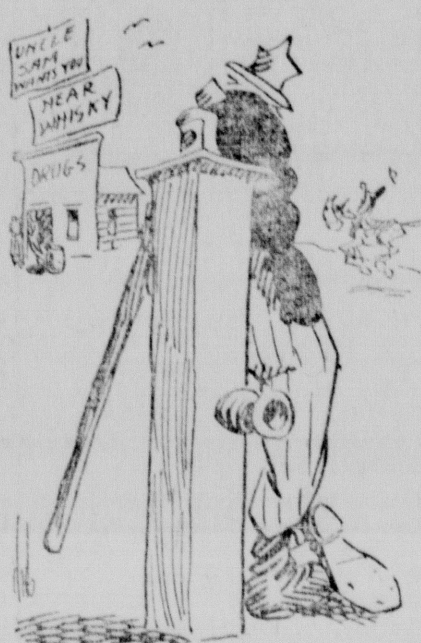

The doctor, as distinguished from the surgeon, has also accomplished wonders in this war. The small mortality from disease in the British and French armies is due to his constant vigilance. His two great weapons have been sanitation and prophylactic inoculation. In a scene of unparalleled confusion and in an area of quite primitive sanitation, his exertions have resulted in astonishing degrees of sanitation. Refuse is destroyed or deeply buried; battlefields in many cases are cleaned up within a few days; pure water supplies are provided. Everywhere behind the immediate front order and cleanliness are the rule.

The rule of the army medical officer is not always welcomed by the inhabitants, but it works with magnificent success, until camps and towns, which in previous wars would have been death traps, have a mortality as low as the most approved health resort. The routine work of these medical officers has probably saved more lives than all the other medical work of the war.

Preventive inoculation has robbed typhoid and dysentery of their terrors, although in all previous wars, these two causes were responsible for far more of the deaths than shells and bullets.

Arras, France—Only 229 buildings of a former total of 4,521 remain intact in Arras. During two and a half years of more or less continual bombardment, 962 buildings were completely demolished, 1,590 were damaged beyond repair, while 1,735 only can be made inhabitable without rebuilding from the ground.

FINS' ELECTION BRINGS CHANGES

Helsingfors, Finland: The returns of the election to the Finnish diet indicate that the constitution of the new assembly will be as follows: Democratic socialists 92; Burgeois Bloc 64; Agrarians 26; Swedish party 17; and one Laplander.

Dublin—According to the department of agriculture the Irish harvest is now all safe and has proved very good. Potatoes have been a splendid crop, and oats, wheat and barley show good results. Nearly three-quarters of a million additional acres were brought under tillage during the year. There was no shortage of labor anywhere and Ireland will have plenty of food for herself and for export.

AMERICAN ADMIRAL HONORED IN CHINA

Peking—Admiral Austin M. Knight, the new commander in chief of the American Asiatic fleet, was extensively entertained by Chinese officials and the American colony on the occasion of his recent visit here. President Feng Kuo-Chang, who is still in mourning for his wife, received the admiral and Mr. Reisch, in private audience, and discussed the war situation with them. Admiral Liu Kuan-hung, the minister of navy, entertained at a tiffin for Admiral Knight and escorted him through the national museum. The minister of foreign affairs, Wang Ta-shieh, gave a dinner at the foreign office for the American admiral which was attended by all the cabinet members and many representatives of the diplomatic corps.

Admiral Knight was also the guest of honor at a tiffin given by the American Association of North China, which was attended by over one hundred American men. Mr. Reisch, the American minister, gave several dinners for the admiral, who was his guest, and made it possible for him to meet all prominent Chinese officials.

OXFORD DEPLETED.

Oxford—Oxford university is very depleted in the matter of students, the Americans, both Rhodes scholars and others, having now gone to join the country's call to arms. There are now only a very few young students under military age, some neutrals and Indians in residence.

The scientific museum is largely given up to the Flying Corps, but the chemical laboratory is full of research and war work, while physiology and pathology are not neglected. The colleges have been hard hit financially but still keep open. Merton is a nurses' home and Oriel partly a woman's college. Others are full of cadets and airmen.

There are the usual number of women students, but a large proportion are engaged on some sort of war work.

DICKENS' SON GETS FINE JOB

London: Harry Fielding Dickens, sixth son of Charles Dickens the novelist, has just been appointed to the lucrative post of Common Sergeant, as the chief justice of the London city courts is officially called. The salary of the post is \$15,000 a year.

Mr. Dickens is 68 years old and has been a practicing member of the London bar since 1873. His youngest son, Major Charles Dickens, was killed in action last year.

DIXON HIGH SCHOOL NEWS

To Go to Belvidere.

The Dixon Union high school football team will journey to Belvidere Saturday to play the last high school game of the year. The Belvidere team have cleaned up some of the best teams in their section of the state, so Dixon expects a great battle. The coaches Slotower and Chadwick, have been driving the team hard during this last week. Hutchinson, first team center, will be out of the game for at least two weeks, but the other members of the team are in excellent shape. Gardner has been shifted to center and fills the position well. Ives has been filling Gardner's place at right guard.

Freshman Party. This evening, ladies and gentlemen, there will be a free-for-all "Fresh Ball," to be held in the ball room of the South Dixon high school. Those wishing admittance, come early, so as to avoid the scramble. The Freshies have given notice that no one but a Fresh will be allowed in the ball room. It will be a masquerade affair.

Gerald Berry had a severe case of goose pimples break out on him in the assembly room yesterday afternoon. He was cured after the windows were shut.

Willard got a hair cut yesterday. Just thought we'd tell you so you would know him if you saw him on the street.

John Byers and Ruth Rosenthal were guests at the Family theater Thursday evening.

Clarence Valle donated twenty cents to the Family theatre Thursday night.

Olle Schrock and Leota Rice were in the front row Thursday night, by heck.

Today marked the last day of the week for quarterly exams. The new quarter starts on Monday.

Mrs. Phelps' music class met as usual Thursday morning and a good period ensued.

A pair of cripples are among us. Ned Hutchinson and Harold Rowland. Hatch hurt his knee in football and "High Pockets" hurt his ankle while jumping downstairs at the "Y." This institution of learning is getting to look more like a hospital.

U. S. SHIP TORPEDOED

Four Sailors Known to Have Been Lost; Thirteen Others Missing.

Steamer Rochester Sunk by German Submarine—Freighter Destroys U-Boat in Mediterranean.

Washington, Nov. 9.—The American steamship Rochester was torpedoed and sunk at dusk on November 2. Four sailors are known to have lost their lives. One boat with the second mate and 13 men is missing.

An Atlantic Port, Nov. 9.—Information that an American ship fired by an American naval gunner sank a Teutonic submarine in the Mediterranean is contained in a report made to the navy department by the officers of an American freight steamship which arrived here recently. It was learned.

The vessel of about 3,000 tons gross, was returning from an Italian port in ballast after taking a cargo of war munitions from America to Italy. A report of its narrow escape from a torpedo was recently made public, but the fate of its attacker was not mentioned.

LIQUID FOOD FOR PICKETS

Suffragists Say They Were Forcefully Fed in Washington Jail.

Washington, Nov. 9.—Miss Alice Paul, head of the Woman's party, and Miss Rose Winslow, hunger striking in the district jail hospital, were fed by the jail authorities. Liquid food was given them through rubber tubes, breaking a fast of something over 72 hours.

Whether force was employed may be always a matter of dispute. Dr. J. A. Gannon, the jail physician, said it was not, and that both women took the nourishment without protest. At the Woman's party headquarters, however, it was indignantly asserted that such a thing was impossible, since Miss Paul endured tortures through forcible feeding when she was an aid of Mrs. Pankhurst.

RUSS NEWS WILTS STOCKS

New York Market Demoralized by Overthrow of Kerensky.

New York, Nov. 9.—Demoralization swept the stock market when the news of the overthrow of the Kerensky government in Russia reached Wall street and other financial centers throughout the country. Almost every stock of importance tumbled and reached prices the lowest for the year and for much longer periods. In the last hour, however, rallies of 1 to 2 points occurred in the leaders, notably United States Steel, Reading, Union Pacific, Marine preferred and some of the better known specialties. Russian bonds dropped on the curb to the lowest point ever recorded.

PRINCETON AVIATOR IS FREED

military tribunal which heard his to Poison Comrades.

New York, Nov. 9.—Samuel O. Livingston of Zanesville, O., a private attached to the United States army aviation camp at Princeton, N. J., was acquitted of the charge of having a deadly poison in his possession with intent to injure his comrades, according to the findings announced here of the military tribunal which heard his case at Governor's island. He has been ordered back to Princeton to continue his aviation studies.

FORD PLANT FOR WAR WORK

Manufacturer Offers to Continue Making Pleasure Cars.

Washington, Nov. 9.—Henry Ford will build no more pleasure automobiles until the war is over. He will devote his entire plant to the production of war necessities, such as tractors, ambulances, aircraft engines, and shells. Through his representative, C. H. Willis, he has offered to discontinue all the ordinary runabouts, touring cars and commercial trucks which his plant is turning out by the thousands.

Wm. Harkins has installed at his residence telephone No. X879.

James Murphy of Monroe is here for a visit.

KERENSKY OUSTED BY RUSS REBELS; SLAVS ASK PEACE

(Continued from page 1)

Petrograd, Nov. 9.—Russia is in the throes of civil war.

Following the action of the Maximalist armed naval detachment in taking possession of the Marie palace, where the preliminary parliament had been sitting, and the telegraph agencies, the anti-Kerensky factions, headed by Nikolai Lenin, Radical Socialist leader, and Leon Trotsky, president of the central executive committee of the Petrograd council of workmen's and soldiers' delegates (the Soviet), seized the reins of power at the capital.

The overthrow of Premier Kerensky was proclaimed and the government troops forced to surrender after a battle in the streets of the city.

Kerensky in Flight.

Premier Kerensky has fled the capital. Reports as to his whereabouts conflict. Some say he has sought safety in Moscow, while others assert he has gone to the front in an endeavor to obtain the backing of the troops to forestall a debacle of his government. Cossack regiments are declared already to have announced their readiness to support the government on condition that no compromise with the revolutionists is made. On the other hand, it is asserted that delegates from the Black and Baltic sea fleets have declared themselves in favor of the radicals.

Five Under Arrest.

Five members of the Kerensky government are under arrest. They are: A. I. Konovoff, minister of trade and industry; M. Kishkin, minister of public welfare; M. I. Terestchenko, minister of foreign affairs; M. Malyanovitch, minister of justice; M. Nikitin, minister of the interior.

Win by Bloodshed.

The revolution was not peaceful. Details of what happened are meager, the new rulers having the telegraph offices in their control.

Government forces holding the Winter Palace were forced to capitulate early Thursday morning under the fire of the cruiser Aurora and the cannon of the SS. Peter and Paul fortress across the Neva river. At 2 a. m. the woman's battalion, which had been defending the Winter Palace, grounded arms.

The workmen's and soldiers' delegates are in complete control of the city.

Cruiser Opens Fire.

Late in the evening, after the government forces had been driven into the Winter palace, the palace was besieged and a lively fight of machine guns and rifles began.

The cruiser Aurora, which was moored at the Nicolaï bridge, moved up within range, firing shrapnel. Meanwhile the guns of SS. Peter and Paul fortress opened fire.

The palace stood out under the glare of the searchlights of the cruiser and offered a good target for the guns. The defenders held out for four hours, replying as best they could with machine guns and rifles.

The battle at the palace, which began shortly after six o'clock, was a spectacular one, armed cars of the revolutionaries swinging into action in front of the gates, while flashes from the Neva were followed by the explosion of shells from the guns of the Aurora.

Great Soviet Meets.

The general congress of workmen's and soldiers' delegates of all Russia (the great Soviet) was convened here with 500 delegates in attendance. The chairman declared that the time was not propitious for political speeches, and the order of business of the congress approved was as follows:

1. Organization of power.
2. Peace and war.
3. A constituent assembly.

The officers elected comprise 14 Maximalists, including Radical Socialist Leader Lenin, M. Zinovief, an associate of Lenin, and Leon Trotsky, president of the central executive committee of the Petrograd council of workmen's and soldiers' delegates. In addition, seven revolutionary socialists were appointed.

A delegation was named to initiate peace negotiations with the other revolutionary and democratic organizations "with a view to taking steps to stop bloodshed."

TO HOLD LOYALTY MEETING

Gov. Burnquist Invites Six Governors to Minnesota Nov. 16-17.

St. Paul, Minn., Nov. 9.—Governors of Montana, North and South Dakota, Wisconsin, Illinois and Kansas were invited by Governor Burnquist to attend the Northwest loyalty meeting in St. Paul and Minneapolis November 16-17. A letter from Joseph Tumulty, secretary to President Wilson, informed the committee in charge that George Creel, chairman of the public information committee, had been given the task of assigning speakers to the meeting.

RUSS PEACE PROGRAM

Petrograd, Nov. 9.—The military revolutionary committee of the central council of soldiers' and workmen's deputies, in a proclamation to the army committees and to all soldiers' and workmen's councils, says:

"We have deposed without bloodshed the government which rose against the revolution."

It proclaims the authority of the military revolutionary committee and says that the officers who do not openly join the movement must immediately be arrested.

Uncertain military detachments, the proclamation adds, must not be permitted to leave the front for Petrograd. Where persuasion fails, the statement says, force must be used without mercy.

The text of the proclamation of the military revolutionary committee reads:

"To the army committee of the active army and to all councils of soldiers' and workmen's delegates and to the garrison and proletariat of Petrograd:

"We have deposed the government of Kerensky which rose against the revolution and the people. The change which resulted in the deposition of the provisional government was accomplished without bloodshed.

"The Petrograd council of soldiers' and workmen's delegates solemnly welcomes the accomplished change and proclaims the authority of the military revolutionary committee until the creation of a government by the soldiers' and workmen's delegates.

"Announcing this to the army at the front the revolutionary committee calls upon the revolutionary soldiers to watch closely the conduct of the men in command. Officers who do not join the accomplished revolution immediately and openly must be arrested at once as enemies.

"The Petrograd council of workmen's and soldiers' delegates considers this to be the program of the new authority:

- "1. The offer of an immediate democratic peace.
- "2. The immediate handing over of large proprietorial lands to the peasants.
- "3. The transmission of all authority to the council of soldiers' and workmen's delegates.
- "4. The honest convocation of a constitutional assembly.

"The national revolutionary army must not permit uncertain military detachments to leave the front for Petrograd.

"They should use persuasion, but where this fails they must oppose any such action on the part of these detachments by force without mercy.

"The actual order must be read immediately to all military detachments in all arms. The suppression of this order from the rank and file by army organizations is equivalent to a great crime against the revolution and will be punished by all the strength of the revolutionary law.

"Soldiers! For peace, for bread, for land and for the power of the people! THE MILITARY REVOLUTIONARY COMMITTEE."

MOB BEATS PRO-GERMAN

School Teacher Whipped by Men of Union City, Ind.

Union City, Ind., Nov. 9.—Fred Toepper was taken from his home here during the night by a crowd of men, blindfolded, driven twelve miles into the country and severely beaten for alleged pro-German statements. He was not seriously injured and managed to free himself from a tree to which he was left tied. At the beginning of the European war, it is said, Toepper sold 100 iron crosses at \$1 each for the benefit of German war funds.

DRIVER SAVES TROOP TRAIN

Plot to Wreck Cars Carrying Soldiers in Illinois.

Rockford, Ill., Nov. 9.—"Somewhere in Illinois"—the exact location and details of the crime are withheld at the request of the war department—a deliberate attempt was made to wreck a special train heavily loaded with soldiers from Camp Grant. To the vigilance of the engineer and to special precautions taken in the movement of troop trains is due the foiling of the plot. For the reassurance of relatives of soldiers it may be said that none of the men was injured or suffered more than a shaking up.

OHIO WETS ARE IN THE LEAD

Have Majority of 3,643 Over the Prohibitionists.

Cincinnati, Nov. 9.—At the end of the second day following the prohibition election in Ohio the result of whether the citizens will be subjected to a wet or a dry state was still in doubt, but with complete returns from 88 counties, 67 of which had turned in official reports, the wets were leading by a majority of 3,643 on the face of the returns.

For prohibition, 518,448; against prohibition, 522,091.

The Right to Aid.

The race of mankind would perish did they cease to aid each other. From the time that the mother binds the child's head till the moment that some kind assistant wipes the death damp from the brow of the dying, we cannot exist without mutual help. All therefore, that need aid have a right to ask it from their fellow mortals; no one who holds the power of granting can refuse it without guilt.—Sir Walter Scott.

Man's Fear of Death.

That which we term the fear of death in normal men and animals is an expression of their desire to live. Were it not that this desire was deeply implanted in all living things they would soon disappear. This is shown by the efforts made to end their lives by those who have lost the desire to live. And losing it they lose fear concerning the future. As a rule they are victims of perversion of sense, a feeling which may be only transient or continuing.—Exchange.

The Helping Hand.

"He who makes of himself an uplifting force for others will himself be lifted up; he who helps others on the downward path cannot ascend. The man who is always ready to give his fellow man a shove downward is a poor climber. The man whose hand is always a helping hand finds helping hands everywhere reaching down to give him a pull upward."

Soldier From Chicago Captured by Germans

When the Germans made that trench raid on a soldier held by Americans, they captured ten men, one of whom was Private Harry Longhman of Chicago. He is twenty years old and joined the regular army as soon as war was declared on Germany by the United States.

B. M. BOWER

An interesting and intimate view of the pioneer days on the plains involving clashes with cattle thieves, hungry wolves and narrow escapes from death in various forms. You will enjoy every installment of our new serial because there isn't a dull chapter in it.

Watch For and Read

The Ranch at the Wolverine

An egg laid for every yolk made

Grain-fed hens don't lay all the yolks formed because grain doesn't make enough yolks. Grain yolks are absorbed by hens, making fat that cuts down egg production. Wheat, corn, oats, barley and kaffir contain elements for an average of 23 yolks and only 15 yolks. Purina Chicken Chowder fed with Purina Scratch Feed contains elements for 22-23 yolks and 24-27 yolks. Note the perfect balance and large number.

More eggs or money back. The money paid for Purina Chicken Chowder will be refunded if hens do not lay more eggs when fed Purina Chicken Chowder as directed with Purina Scratch Feed than when fed any other ration. Purina Feeds come in checkered board bags only.
